Dassault Falcon Jet's service centers are part of the service center network established for Falcon operators around the world. Company-owned Service Centers are located in Reno, Nevada; Sorocaba, Brazil; and Little Rock, Arkansas - also the site of our Falcon completions center.

A-PRO, in Deerfield Beach, Florida, and Midway Aircraft Instrument Corp, in Monroe, North Carolina, are Falcon's authorized component repair agents.

Dassault Aviation strategically positions company-owned satellite service stations around the world. These locations offer mobilized GoTeam support when customers are AOG, and can also provide line services on-site. Dassault satellite service stations are in Stuart, Florida; St. Louis, Missouri; Teterboro, New Jersey; Van Nuys, California; and a Mobile Repair Unit (MRU) assisting in the Denver, Colorado area.

Any time a Falcon operator is AOG, a GoTeam can be dispatched through the Dassault Falcon Jet service center network. Call our Falcon Command Center 24 / 7 / 365.
