- Self-contained power supply
- Light weight and compact

Schedule

Estimated Lead Time:
6 weeks

Estimated Downtime/Schedule:
1 day

Installation Facilities

- Little Rock, AR
- Melbourne, FL
- Reno, NV
- São Paulo/Catarina, Brazil
- St. Louis, MO

Maintain Visibility With Smoke in The Cockpit

No pilot wants to experience smoke in the cockpit but in this unfortunate circumstance, Emergency Vision Assurance System (EVAS®) allows you to maintain visibility to the cockpit instruments and out the window.

EVAS is an auto-inflatable bag that when pressed against the window, instruments, and the pilots forehead, allows them to maintain a smoke-free view to safely land the plane in an emergency.

The VisionSafe EVAS is FAA certified in all Falcon models.

Aircraft
