

Features & Benefits

- Supports all satellite-based connections, including:
 - Ka Band
 - Ku Band
 - L-Band
- Supports cellular connectivity on the ground
- Multiple WiFi network support allows for separate guest and/or VIP networks
- ARINC 429 interfaces for location services, flight tracking/moving maps, and avionics monitoring
- SDR optimized apps

The SDR provides the ultimate flexibility in connectivity for the business jet cabin, enabling communications for owners, operators, passengers and crew.

Schedule

Estimated Lead Time:
30 days

Estimated Downtime/Schedule:
15 days

Installation Facilities

- Little Rock, AR
- Melbourne, FL
- Reno, NV
- São Paulo/Catarina, BRAZIL
- St. Louis, MO

Doing Business at the Speed of Flight

The SDR is the center of your connectivity experience, providing unmatched advantages in the air and on the ground. The router facilitates user connectivity onboard the aircraft, enabling laptops, tablets and smartphones to do their jobs so the pilots and passengers can stay productive at every altitude. But not all routers are created equal. The SDR goes beyond the basics, allowing for superior optimization and customization of the onboard network for the very best inflight internet experience. Plus, the power of the SDR goes beyond the cabin; the SDR collects aircraft performance information to enhance flight operations management tools, including telemetry and position data, fuel indications, operational parameters and more. With its own module in SD Pro, the customer flight ops team can see detailed usage and performance information in real time, and can make adjustments as needed to support optimal network use.

Dassault Falcon Jet Service Center Locations

Falcon Family

When you own or operate a Falcon, you become part of the Falcon Family. Throughout the life of your Falcon, our dedicated team of professionals will bring you the unrivaled skill, experience and passion to guarantee your satisfaction.

Falcon Family Benefits

- OEM trained technicians
- OEM approved tooling
- OEM supported solutions
- OEM accepted design standards
- OEM factory logbook sign-off
- 8 Convenient locations and an additional MRU area
- Priority service from Dassault Service Engineering.
- No sales tax on labor, materials, or vendor services.
- FalconAdvantage program
- No mark-up on Dassault parts
- No mark-up on Dassault service engineering
- Firm fixed pricing on discrepancies

For further details, please contact your DFJ service center Regional Sales Manager or e-mail DFJServiceCenters@dassaultfalconjet.com.
