- Approved by an FAA / EASA Dassault STC

SCHEDULE

Estimated Lead Time:

1 week

Estimated Downtime/ Schedule:

1 day

REPLACE YOUR EXISTING TAXI LIGHT WITH AN LED LIGHT FOR IMPROVED RELIABILITY

LEDs (light emitting diodes) are quickly replacing older generation lighting systems for a number of very good reasons. Their main benefits include:

- Much lower current draw: LED consumes 20% of the power of an incandescent bulb for the same amount of light.
- Not prone to shock or vibration damage when properly mounted, and operate at much cooler temperatures.
- Easy installation with no mechanical or wiring changes needed, requires very little maintenance.

INSTALLATION FACILITIES

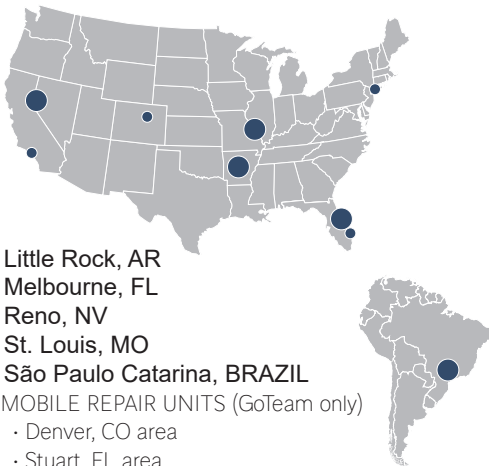

- Little Rock, AR
- Melbourne, FL
- Reno, NV
- São Paulo/Catarina, BRAZIL
- St. Louis, MO
