Dassault Falcon Jet's service centers are part of the service center network established for Falcon operators around the world. Company-owned service centers are located in Melbourne, Florida; Reno, Nevada; St. Louis, Missouri; São Paulo - Catarina, Brazil; and Little Rock, Arkansas - also the site of our Falcon completions center.

A-PRO, in Deerfield Beach, Florida, and Midway Aerospace, in Monroe, North Carolina, are Falcon's authorized component repair agents.

Dassault Aviation strategically positions company-owned satellite service stations around the world. These locations offer mobilized GoTeam support when customers are AOG, and can also provide line services on-site. Technicians, tooling, and a cache of spares are at the ready whenever and wherever customer needs arise.

Dassault Falcon Jet - Little Rock operates a "one-stop-shop" for all inspection, maintenance, modification, completion and repair needs, and is 100% dedicated to supporting only the Falcon product line. Our service center and completion center combined occupy nearly 1,000,000 total sq. ft., making Little Rock the largest Dassault facility in the world.

Any time a Falcon Operator is AOG, a GoTeam can be dispatched through the Falcon Command Center 24/7 for the fastest response and solution:

**+1 201-541-4747**  
or  
**+33 1 4711 3737**
